Annual Report 2011/12

> 4

### **1. LEGISLATIVE MANDATES**

**Mr Jacob Zuma** President of the Republic of South Africa

The mandate of the department is derived from Section 85(2)(c) of the Constitution of the Republic of South Africa which states that the President exercises executive authority, together with the other members of the Cabinet, by coordinating the functions of state departments and administrations. This mandate has been further elaborated by the President in his 2010 and 2011 State of the Nation Addresses as well as various Cabinet decisions; and by the Minister for Performance Monitoring and Evaluation through the "Policy Framework on Performance Monitoring and Evaluation-Our Approach" document. Based on these sources, DPME has the following key mandates (the details of these mandates are provided in Section B):

- Facilitate the development of plans or delivery agreements for the cross cutting priorities or outcomes of government and monitor and evaluate the implementation of these plans
- Monitor the performance of individual national and provincial government departments and municipalities
- Monitor frontline service delivery
- Manage the Presidential Hotline
- Carry out evaluations of major and strategic government programmes
- Promote good M&E practices in government.

#### **Entities reporting to the Minister**

The following entities report to the Minister:

- Government Communications and Information Systems;
- National Youth Development Agency; and
- Brand South Africa.

These entities are either voted funds directly or are funded through the Presidency (Vote 1).

### 2. VISION, MISSION AND VALUES

#### Vision

To strive for continuous improvement in service delivery through performance monitoring and evaluation

#### Mission

Our mission is to work with partners to improve government performance in achieving desired outcomes and to improve service delivery through changing the way government works. We will do this through priority setting; robust monitoring and evaluation related to the achievement of priority outcomes; monitoring of the quality of management practices; and monitoring of frontline service delivery.

#### Values

We shall at all times be exemplary in all respects. This includes being client-focused (the President, Deputy President, government, and the public) and listening to our clients and treating them with dignity, courtesy, responsiveness and respect. It also includes being a learning organisation and not doing the same things over and over when they are clearly not working.

We will strive to have progressive management practices as well as to be compliant with all prescripts. We will also pay attention to the basics, such as not being late for meetings, running meetings efficiently, checking spelling and grammar in documents, and responding to e-mails, phone messages and all other requests timeously. We will pursue quality management practices in order to achieve value for money, efficiency and effectiveness. We will be accountable and transparent.

## 3. ORGANISATIONAL STRUCTURE

Clarification of Branch names due to changes in organisational structure effective 01 October 2011:

- Branch Public Sector Administration Oversight changed to Public Sector Oversight
- Branch Integrated Public Performance Data Systems changed to Macro M&E Systems Coordination and Support (normally referred to as the "Data Branch")

#### 4. Foreword by Minister

**Mr Collins Chabane** Minister in the Presidency for Performance Monitoring, Evaluation and Administration

It gives me pleasure to present the Department of Performance Monitoring and Evaluation's first Annual Report. In my inaugural budget vote speech for the department for the financial year 2011/12, I gave a detailed account of progress we are making on the performance monitoring and evaluation work of the department since 2009, including:

- The adoption of the outcomes approach to ensure that government has an integrated and coordinated approach to planning and implementation
- The development of targets for 12 prioritised outcomes.
- The signing of performance agreements between the President and his Ministers, focusing on the targets for the 12 outcomes
- The signing of delivery agreements between coordinating ministers and other key stakeholders for the achievement of the 12 outcomes.

During the 2011/2012 financial year, the department has focused on the monitoring of the implementation of the delivery agreements for the outcomes and reporting quarterly to Cabinet. In November 2011, we reached the middle of the 2009 to 2014 electoral cycle. As a result, we produced a mid-term review which provided a frank assessment of progress against the delivery agreements and identified areas of focus for the remainder of the term. While good progress has been made, many challenges remain.

We hope that the review makes a contribution towards developing a culture of continuous improvement, and towards an accountable and transparent government. We will continue to pay attention to monitoring of the implementation of the delivery agreements and providing feedback to Cabinet on actions required to ensure that the targets are met.

We have been working with the outcome coordinating departments to revise and improve the delivery agreements, drawing on the results of our monitoring of their implementation over the past year.

On 23 November 2011, Cabinet approved a National Evaluation Policy Framework. The Evaluation Framework describes the evaluation methodologies to be used and sets quality standards for evaluations, based on best international practice. The focus of the evaluations will be on programmes related to government's priorities. The aim of the National Evaluation Policy Framework is to improve the performance of government, accountability and decision making. The department started to implement evaluations in 2011, and one evaluation report on ECD was finalised.

During the course of the year, we also produced the 2011 Development Indicators, which provide a broad picture of the state of development of our country, with 83 socio-economic indicators based on data sourced from government systems, official statistics, and research done by local and international institutions.

In my budget speech, I committed the department to put more emphasis on performance monitoring of individual departments and monitoring of frontline service delivery. In this regard, in June 2011 Cabinet gave us a mandate to implement management performance assessments of all national and provincial departments on an annual basis. Following a series of workshops and consultations, we officially launched the Management Performance Assessment Tool (MPAT) in October 2011. Provincial governments through the Offices of the Premier further facilitated their own launches of the tool. A total of 30 national departments and 73 provincial departments from eight provinces participated in the assessment process for the financial year 2011/2012.

The assessment results revealed that some departments are doing well in some management areas. However, the assessments also revealed areas of weakness that require improvements. The result of these assessments will be used to develop case studies of good management practices that will be used as models of excellence for other departments. This will enable departments to learn from each and encourage the process of continuous improvement.

I am pleased that the Department obtained an unqualified audit report, and I will ensure that the matters raised in the report are addressed.

In conclusion, we are beginning to show how monitoring and evaluation can contribute to building a capable and developmental state which delivers effective and responsive services to its citizens. In this regard, I would like to thank and congratulate the Director General and his staff for a successful year and presenting the first annual report of the department.

I am pleased to submit the first Annual Report for the period ended 31 March 2012.

Mr Collins Ohm Chabane, MP Minister in the Presidency for Performance Monitoring, Evaluation and Administration

#### 5. Overview by the Deputy Minister

**Mr Obed Bapela** Deputy Minister in the Presidency for Performance Monitoring, Evaluation and Administration During 2011, the President took a decision to transfer the Presidential Hotline to the Department of Performance Monitoring and Evaluation. The Hotline is an important source of information for monitoring the impact of government services on citizens. In particular, it enables government to track what are the important issues for citizens and the effectiveness of government responsiveness to their concerns. The data collected from the interactions with citizens through the Hotline is a resource that can be used to inform policy decisions, prioritisation and programming and service delivery improvements.

Since its inception, more than 130 000 cases have been logged on the hotline and the resolution rate is more than 80% - this is a responsiveness rate that we can be proud of, given that we started from a low base of 39% in November 2009. The department is also in the process of engaging with the management of departments and municipalities with high volumes of cases, with a view to both improve responsiveness and assist them with utilizing the information to inform service delivery improvements.

Through the Hotline, we are gradually making progress and living up to the President's promise that citizens will have a platform to communicate with government and get the assistance they deserve. The hotline has facilitated the unblocking of a delayed pensions and it has ensured that action is taken when community members alert us to cases that require the intervention of social welfare services, our interventions have saved businesses that would otherwise been liquidated due to unneccesary delayed payments by departments. The hotline has been a point of call for many of these businesses, which according to government policy should be paid within 30 days. The hotline also contributes to re-channel allegations of maladministration and mismanagement to relevant agencies with the aim to rid the state of any corruption, among other things. We are regularly informed of poor treatment at government frontline service offices, and we liaise with the relevant departments to ensure these are addressed.

The cases vary in nature and complexity. At the very simplest level, it may be a request for information about how to access a government service - this information can often be provided immediately by the call centre agent. But in many cases, it can be extremely complex and require detailed investigation, especially when cases are found to be the subject of a legal process - (in the courts or government disciplinary procedures) – thus, this may result in delays as the legal process need to run its course.

Last year, we undertook to place more emphasis on on-site monitoring of frontline service delivery. I am pleased to announce that from June 2011 until the end of the financial year, we conducted 122 unannounced monitoring visits in five provinces (Gauteng, Limpopo, Mpumalanga, Free State and Northern Cape). The monitoring teams consist of staff from the DPME as well as staff from the different Offices of the Premier. We monitored the quality of service delivery in selected offices of SASSA, Home Affairs, Driver's License Centres, health facilities, courts and schools. During these visits, we interviewed community members who are users of these facilities and staff, and produced a score card for every facility, with suggested improvements.

These monitoring visits highlighted that the service delivery improvement programmes of government are beginning to yield positive results. We have found examples of service sites where there are dedicated public servants who are committed to rendering excellent and qualitative service, are at work on time and who, in spite of less than required resources, do good work in serving the public. But, there are still facilities where the quality of service being experienced by citizens is unacceptable. The monitoring visits continue this year and we will again report to Departments, Provincial Executive Councils and Cabinet about our findings. Departments can expect that we will follow up with them to ensure that improvement-actions are implemented.

In conclusion, in the past year, the department was hard at work ensuring that the quality of service delivery improves. The department is committed to ensuring a better life for all as we continue with the programmes of the year.

erpelær

Mr Obed Bapela, MP Deputy Minister in the Presidency for Performance Monitoring, Evaluation and Administration

#### 6. Overview by the Accounting Officer

**Dr. Sean Phillips** Director-General of Performance Monitoring and Evaluation

The year 2011 has seen the establishment of the Department of Performance Monitoring and Evaluation as a separate budget vote from the Presidency. During the financial year 2010/11 the department was still funded under the Presidency Vote and its performance information was reported as part of the Presidency Annual Report. In March 2011, the department submitted its first strategic plan and annual performance plan to Parliament for the period covering 01 April 2011 to 31 March 2012.

The primary role of the Department is to change the culture and develop the skills of the public service in monitoring and evaluation, so that all managers at all levels regularly monitor and evaluate their own work and improve their performance. In this regard, in the past year we engaged in a range of monitoring and evaluation capacity building initiatives, including managing national and provincial monitoring and evaluation forums, learning networks and data forums; and developing guidelines and training courses for officials.

We were also involved in the monitoring of a range of key indicators of the management performance of government through FOSAD. These relate to management areas over which Directors-General have control, and which are of concern to citizens, labour, business and Parliament. They include, for example, reducing waiting times and turnaround times for a range of services, reducing the time taken to finalise disciplinary cases in the public service and the filling of vacancies. In addition we are monitoring the responsiveness of departments to the Anticorruption Hotline.

In conclusion, the Auditor-General's report identifies some areas that require improvement. These have been or are being addressed. The Department will strive to improve on its current audit outcomes in the coming financial year.

#### I.2 Aim of the vote

Improve government service delivery through performance monitoring and evaluation

#### 1.3. Key achievements with regard to strategic outcome oriented goals during the 2011/2012 financial year

**I.3.1.** Outcomes Monitoring and Evaluation To advance the strategic agenda of government through the development and implementation of the outcomes approach, monitoring and reporting on progress and evaluating impact In summary, the Outcomes Monitoring and Evaluation Branch achieved the following:

- Institutionalised quarterly monitoring of the delivery agreements by Cabinet. This included providing guidelines for the functioning of the forums which coordinate the implementation of the Delivery Agreements and monitoring adherence to these guidelines. Quarterly monitoring reports were tabled to Cabinet, focusing on key areas of progress and challenges requiring unblocking.
- · Initiated reviews of the delivery agreements
- Provided the political principals in the Presidency with briefing notes on matters before Cabinet
- Carried out a Mid-Term Review that provided an assessment of progress towards meeting government priorities
- Produced the National Evaluation Policy Framework
- Completed an evaluation of the Early Childhood Development Programme
- Completed a study of the quality of sanitation, on request of the Human Rights Commission
- Assisted the political principals in the Presidency with technical support for their hands-on monitoring visits.

#### I.3.2. Data systems

#### To promote monitoring and evaluation practice through a coordinated policy platform, quality capacity building and credible data systems

The Data Branch has engaged in a range of initiatives, including:

- Managing national and provincial monitoring and evaluation forums
- Managing learning networks and developing training courses for officials
- Managing data forums linked to improving data for the 12 outcomes
- Developing guidelines on various aspects of M&E
- Providing the Programme of Action platform for the outcomes
- Production of the 2011 Development Indicators.

#### **1.3.3.** Public Sector Oversight (PSO) To conduct institutional performance monitoring and front line service delivery monitoring

- Developed a Management Performance Assessment Tool
- Completed assessments of 27 national departments and 60 provincial departments by the end of March 2012
- Developed high-level proposals for linking results of assessments of departments to individual assessments of Heads of Department
- Instituted monitoring of a range of indicators of the performance of national and provincial departments, on behalf of the Forum of South African Directors-General
- Assessed draft Annual Performance Plans of 33 national departments and provided accounting officers with an indication of whether or not these reflect commitments to relevant Delivery Agreements

- Developed and implemented a Frontline Service Delivery Monitoring Programme and conducted more than 100 unannounced monitoring visits
- Integrated the Presidential Hotline into the branch and developed improvement plans to enhance the efficiency and effectiveness of the Hotline
- Achieved a case resolution rate of 82% for the Presidential Hotline.

#### I.4. Overview of the service delivery environment 2011/12

DPME came into being as a result of the realisation by government that effective and efficient service delivery remains elusive and that current levels of service delivery do not meet the legitimate expectations of citizens. Monitoring and evaluation of key priority outcomes is aimed at increasing the strategic focus of government and implementing the constitutional imperative for cooperative governance. This is done through the development of Ministerial Performance Agreements and interdepartmental and intergovernmental delivery agreements, as well as regular monitoring of the implementation of the delivery agreements. It is also aimed at addressing the prevalent culture in government of focusing on activities rather than results.

This culture change includes increasing the use of evidence in policy making, planning and monitoring. There is a need to strengthen the monitoring of appropriate indicators so that results can be measured and to develop information management systems to enable reliable and accurate data on the indicators to be produced. Furthermore, there is a need to develop a culture of continuous improvement – where managers and leaders regularly review monitoring and evaluation information to inform improvements to policies and plans.

While the outcomes approach focuses on monitoring government's performance in terms of its priorities, the focus of monitoring of individual departments and municipalities is on the quality of management practices. Poor management practices are one of the main causes of poor performance.

One aspect of good monitoring practices is on-site verification of the results of service delivery programmes and then to use this information to take corrective actions. This practice is still under-developed in most government monitoring systems, but the department has started a joint programme with Offices of the Premier to conduct unannounced monitoring visits in frontline service offices.

### 1.5. Overview of the organisational environment 2011/12

The organisational structure of the department has been reviewed to accommodate the additional functions of the Presidential Hotline and evaluation.

DPME is carrying out its mandates by forming partnerships with other departments and institutions which play a monitoring role (such as National Treasury, DPSA, the Auditor-General of South Africa, the Public Service Commission, and the Offices of the Premier).

DPME is part of the executive branch of government and therefore differs from the Auditor-General of South Africa and Public Service Commission which are independent bodies that report to Parliament.

The roles and functions of DPME are also different. Its main roles are to support the President in his or her monitoring and evaluation of the performance of government and to promote the use of monitoring and evaluation practices within government departments and municipalities. As far as possible, DPME uses the data produced by other institutions to avoid any duplication of collection of data.

Over the MTEF, the department will incrementally expand its organisational structure in line with its MTEF allocations. The department currently has 195 posts on its approved structure, of which 137 are filled. Based on current MTEF allocations the department will be able to expand to 202 staff in 2012/13 and 210 staff in 2013/14.

### I.6. Key policy developments and legislative changes

During 2011/12, the Presidential Hotline was transferred to DPME. In addition, in November 2011 Cabinet approved the National Evaluation Policy Framework. These changes had significant implications for the department, and consequently a revised strategic plan was produced and submitted to Parliament in March 2012.

81

#### I.7. Departmental revenue and expenditure

Total expenditure for the financial year amounted to R92.8 million, resulting in a saving of R3.4 million (3.5% of final appropriation of R96.2 million). The Department does not provide any revenue generating services. Departmental revenue and expenditure are dealt with in more detail in Part C – Annual Financial Statements.

#### 2. Programme Performance

The activities of the department are organized according to the following programmes: Programme 1:Administration Programme 2: Outcomes Monitoring and Evaluation Programme 3: Data Systems Programme 4: Public Sector Oversight

#### 2.1. Programme I: Administration

**Purpose:** The programme is responsible for providing strategic leadership, management, administrative, financial and human resource services to enable the department to achieve its strategic and operational goals

**Objective:** An efficient and effective department that complies with legislation, policy and good corporate governance principles

**Summary of performance indicators and targets:** The primary objective under Programme I was to put in place the necessary policies, governance systems and procedures to enable the department to function effectively and efficiently as a stand-alone department. While some targets were not fully achieved primarily due to insufficient capacity during the first six month of operations, the Programme succeeded in its overall objective of establishing the administrative foundations of the Department.

Programme I: Administration		
Strategic Objective	Performance Indicator(s)	
Approved Strategic Plan and Annual Performance Plan which are re- viewed annually over the MTSF period	Strategic plan and APP developed, in place and being implemented	
Ensure that the department complies with good corporate governance principles	<ul> <li>Annual risk assessment report and plans in place</li> <li>Final risk assessment reports issued as per timeframes indicated ir the approved annual audit plan</li> </ul>	
Participation in government structures to increase coordination and integration across all spheres of government	Participation in FOSAD and support FOSAD work and support the Presidency with regard to the President's Coordinating Council	
Ensure that the department has an effective communication strategy and customer relations management strategy	Communication strategy and plan in place and being implemented	
Ensure that the department has a functional organisational structure based on its service delivery models and mandates	Functional organisational structure in place and being implemented	
Effective HR function	HR policies in place and being implemented	
Provide corporate support services	Household, logistical and general support services to the Department to enable the department to execute its mandates	
Sound financial management policies and practices developed and implemented	Compliance with financial management policies and procedures	
Efficient and effective supply chain management function	<ul> <li>Supply chain strategy that promotes transparency and supports value for money developed and implemented</li> <li>Effective, efficient and customer oriented demand and acquisition management</li> </ul>	
Efficient and effective asset management strategy and policies devel- oped and implemented	Efficient and effective asset management systems in place	

Programme I: Administration				
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance	
Strategic plan and APP developed, in place and being implemented		Achieved		
being implemented	Annual report	Inputs for the Annual Report made to the Presidency		
	Four quarterly reports	Four quarterly progress reports were produced against the APP targets		
	Revised APP and Strategic Plan	Revised strategic plan and new APP with revised targets and indicators for 2012/13 completed and submitted to Parliament		
Annual risk assessment report and plans in place	Risk management strategy and plan developed and implemented	Partially achieved Risk management strategy developed Strategic risk assessment conducted	The Department was still in the process of putting in place the required capacity for internal audit and risk management. Risk management will be implemented in full during the 2012/13 financial	
	Fraud risk management plan developed and implemented	Fraud risk management plan Plan developed and implemented Draft risk register compiled and presented to Audit Committee on the 14 <sup>th</sup> November 2011	year	
Final risk assessment reports issued as per timeframes indicated in the approved annual audit plan	Annual audit plan developed and executed	Achieved All planned audits completed All of these audits included risk assessment components		
Participation in FOSAD and support FOSAD work and support the Presidency with regard to the President's Coordinating Council	Attend and contribute to FOSAD meetings, PCC, and Cabinet Makgotla	<b>Achieved</b> Range of indicators of management performance of departments regularly reported on to FOSAD		
		Various reports prepared and presented to PCC		

Programme I: Administration	Programme I: Administration				
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance		
Communication strategy and plan in place and being implemented	Communication strategy and plan developed and implemented	<b>Partially achieved</b> A draft Communication Strategy was developed but not finalised and not implemented	The position of a communication specialist became vacant during the financial year.The post was filled in February 2011 and the plan will be finalised in 2012.		
	Management Meetings	Achieved			
		Regular management meetings were held to review progress and provide strategic direction in pursuit of the departmental objectives Two management meetings were held monthly			
		Achieved			
	Quarterly M&E forums with provinces	Reported under programme three			
Functional organisational structure in place and being implemented		Achieved			
	Approved functional organisational structure in place and being implemented Develop and obtain approval for 2012 organisational structure by August 2012	The department has an approved organisational structure Job evaluation concluded for all newly created posts			
	Conclude recruitment process for vacant funded posts	73 funded vacancies filled by 31 March 2011			
	Initiate recruitment process for funded vacant posts on 2012 establishment by March 2012	Interviews commenced for posts on new structure approved in October 2011			
HR policies in place and being implemented	Delegations and critical policies approved and implemented by 01 April 2011	Achieved HR policies and delegations of authority completed and implemented			
	All HR related policies in place by August 2011	All policies reviewed and referred to bargaining chamber			
Household, logistical and general support services to the Department to enable the Department to execute its mandates	Office accommodation and general support services provided	<b>Achieved</b> Office space allocated and support given to all branches, bi-weekly reporting given to management			
Compliance with financial management policies and practices	Financial policies and delegations implemented	<b>Achieved</b> Delegations of authority and financial policies completed and implemented			

Programme I: Administration				
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance	
Supply chain strategy that promotes transparency and supports value for money developed and implement- ed.	Efficient and effective implementation of supply chain management strategy and policies	Achieved SCM policies completed and implemented		
		SCM procedures and checklists revised		
		Payments to suppliers processed within an average of 10 days from receipt of a legitimate invoice		
Effective, efficient and customer oriented demand and acquisition management	Procurement plan developed and implemented. Suppliers' database developed	<b>Partially achieved</b> Supplier's database developed Demand plan for 2012/13 not completed	The finalisation of the demand plan was dependent on the finalisation of the evaluations plan and ICT procurement plan, which were not completed by the end of the financial year	
Efficient and effective asset management systems in place	Establishment of a comprehensive asset register. Implementation of asset management policy frameworks	<b>Partially achieved</b> Assets register updated monthly and reconciled with the Assets movement forms	Delays in verification process for assets transferred from Presidency	

## 2.2. Programme 2: Outcomes Monitoring and Evaluation

**Purpose:** Coordination of government's strategic agenda through the development of performance agreements between the President and Ministers, facilitation of the development of plans or delivery agreements for priority outcomes, and monitoring and evaluation of the implementation of the delivery agreements **Objective:** To advance the strategic agenda of government through the development and implementation of the delivery agreements for the outcomes, monitoring and reporting on progress and evaluating impact

Programme 2: Outcomes Monitoring and Evaluation			
Strategic Objective	Performance Indicator(s)		
Focused and prioritised outcomes	Development and implementation of the outcomes approach		
Signed Ministerial Performance Agreements	Performance agreements process between the President and all 34 Cabinet Ministers in place		
Signed Delivery Agreements	Number of Delivery Agreements for the 12 priority outcomes signed and refined		
Delivery initiatives	Number of initiatives to facilitate unblocking the outcomes and to address issues raised during executive visits and from FLSD and MPAT monitoring (see PSAO)		
Establish and Support Implementation Forums	Implementation Forums established for all outcomes and supported to function effectively as per guidelines		
Advice to the President and other Principals	Number of briefing notes or reports or presentations as requested		
In year monitoring and evaluation reports	Timely reporting of progress against each outcome		

Programme 2: Outcomes Monitoring and Evaluation			
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance
Development and implementation of the outcomes approach	National departments & Premiers' Offices supported to translate deliv- ery agreement into provincial targets for concurrent functions	<b>Partially achieved</b> Achieved with some relevant provincial departments for delivery agreements related to concurrent functions	Some provincial departments have not set provincial targets
	Evidence base for outcomes moni- toring researched and strengthened & tools developed and refined	<b>Partially achieved</b> Research unit established. National Evaluation Policy Framework put in place. Guidelines for evaluation developed. Diagnostic review of Early Childhood Development completed	Some departments have not yet sufficiently strengthened their data collection and management systems
		Some departments have developed strong systems for collecting and managing data related to the outcomes	
		Delivery trajectories developed for access to water, sanitation, electricity and refuse removal as well as Community Works Programme	
		Completed State of Sanitation report as requested by the South African Human Rights Commission	
	Outcomes approach promoted and communicated	<b>Partially achieved</b> At least 30 presentations done to other departments to promote outcomes approach. Assisted the coordinating departments for all the outcomes to define and develop indicators and targets, with the collection and management of data related to these, and to produce progress reports	There is a need for the department's communications initiatives about its work to be strengthened
	Report on alignment of the APP and strategic plans of 45 national depart- ments to the Outcomes	Partially achieved 33 letters were prepared on the alignment of APPs to the Delivery Agreements	Some departments did not submit APPs for review
Performance agreements process between the President and all 34 Cabinet Ministers in place	Ministerial Performance reviews supported through briefing notes on progress against target as requested	<b>Achieved</b> Department provided briefing notes as and when requested by the President	

Programme 2: Outcomes Monitor	ing and Evaluation		
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance
Number of Delivery Agreements for the 12 priority outcomes signed and refined	Refinements to delivery agreement initiated and reflected on the POA	Partially achieved Refinement of Delivery Agreements completed: Outcome 1, 2,5 and 8	The review of the Delivery Agreements has taken longer expected in some Implementation Forums
		Delivery agreements complete but awaiting formal approval: Outcome 6 and 9	
		Delivery agreements under review: Outcome 3, 4, 7, 10, 11, and 12	
Number of initiatives to facilitate unblocking the outcomes and to address issues raised during	12 initiatives facilitated to investigate and unblock delivery bottlenecks and improve implementation of the outcomes facilitated	Achieved 23 initiatives to unblock bottlenecks undertaken	
executive visits and from FLSD and MPAT monitoring (see PSAO)	10 Presidential sites monitored for service delivery improvements	Achieved 31 assessment reports produced, related to at least 15 Presidential hands-on monitoring sites	
	Initiatives from FLSD & MPAT supported as required	<b>Achieved</b> Six initiatives supported	
Implementation Forums established for all outcomes and supported to function effectively as per guidelines	Participation in and technical support provided for Implementation Forums in at least 48 meetings across outcomes	Achieved Technical support provided to 58 Implementation Forum meetings	
		Review of Implementation Forums completed	
Number of briefing notes or reports or presentations as requested	Provide advice through at least 48 briefing notes and presentations	Achieved More than 200 briefing notes produced, providing advice to Presidency Principals on Cabinet memoranda	DPME was requested to provide briefing notes on general Cabinet memoranda submitted by departments

Programme 2: Outcomes Monitoring and Evaluation				
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance	
Timely reporting of progress against each outcome	Quarterly progress update on PoA and quarterly reporting on progress to cabinet committees facilitated	<b>Partially achieved</b> 40 quarterly progress reports facilitated	DPME and departments were not able to fully complete all the fields on the POA	
		Progress partially updated on POA		
	One midyear stocktaking report on outcomes to the executive	Achieved One Mid-Term Review Report with a section on all 12 priority outcomes		
	Annual report to Executive providing comprehensive assessment of the status of each outcome	Achieved Annual report coincided with Mid-Term Review		
	Annual report on progress to public	Achieved Annual report coincided with Mid-Term Review, Mid Term Review made public		

#### 2.3. Programme 3: Data Systems (M&E Systems Coordination and Support)

**Purpose:** To coordinate and support an integrated government-wide performance monitoring and evaluation system through policy development and capacity building. In addition, the purpose is to improve data access, data coverage, and data quality and data analysis across government

**Objective:** To promote monitoring and evaluation practice through a coordinated policy platform, quality capacity building and credible data systems

Programme 3: M&E Systems Coordination and Support			
Strategic Objective	Performance Indicator(s)		
Data Systems			
Reports on the performance of Government in achieving the 12 Outcomes (POA reports)	Quarterly POA reports produced on time and with sufficient quality		
Establish Data Forums	Data forums established and meeting quarterly and improving data quality		

26

Programme 3: M&E Systems Coordination and Support			
Strategic Objective	Performance Indicator(s)		
Develop a Government-Wide Monitoring and Evaluation System (GWM&ES) to provide leadership to M&E community in government	• Government Wide Monitoring and Evaluation System Coordinat- ing Forum established and operational		
	• Evaluation policy drafted (Re-engineering of PME guidelines, policy docs, manuals, etc. to align with coordination of government)		
	• Coordination of centre of government institutions with regard to performance information		
ME capacity building	• M&E learning network established and operational		
	<ul> <li>PALAMA M&amp;E curriculum revised and capacity building pro- gramme developed</li> </ul>		
Technical and data support to institutional performance monitoring activities	Technical and data support provided		
Provide data (and analysis) to support government performance reviews and evaluation in OME and PSAO branches	<ul> <li>20 year review conducted meeting time and quality standard with appropriate support including data and modelling</li> </ul>		
	Publication of the Development Indicators report		
Legislation on the PME approach	Results Act finalised		
Business Systems & ICT			
ICT operations support	ICT infrastructure implemented and fully supportive of business operations		
Data warehousing and modelling	Integrated data warehouse established		
Implement business intelligence support tools	Business intelligence support applications set up		
Develop Geo-information systems	Monitoring and evaluation Geo-information system implemented		
Implement knowledge management and documents managements management system	Knowledge management and documents management system fully established		
Develop and implement M&E IT Guidelines and Geo-information policy	M&E IT Guidelines in place		
	Progress on GIS policy development		
Departmental information policies and plans	Information strategy developed and implemented		
Develop a functional Programme of Action (PoA) system	Functional PoA system in place		

Programme 3: M&E Systems Coordination and Support				
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance	
Quarterly POA reports produced on time and with sufficient quality	12 POA reports produced quarterly	<b>Partially achieved</b> Quarterly reports for most outcomes provided to Cabinet Data on POA partially updated	Difficulties were experienced in capturing detailed progress data on the POA for some outcomes	

Programme 3: M&E Systems Coord	ination and Support		
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance
Data forums established and meeting quarterly and improving data quality	10 Data Forums	Achieved 10 data forums held in quarter 1 and 2 and 11 data forums held in quarter 3 and 4 Projects initiated to improve data quality in each forum. Officials of departments gave positive assessment of value of data forums Consolidated data forum report submitted to DPME management after each quarter	
Government Wide		Achieved	
Monitoring and Evaluation System Coordinating Forum established and operational	GWM&E coordinating forum established and operational.	National and provincial M&E Forums established	
Evaluation policy drafted (Re- engineering of PME guidelines, policy documents, manuals, etc. to align with coordination of government)	Evaluation Policy finalised. PME guidelines aligned	Achieved The National Evaluation Policy was approved by Cabinet on 23 November 2011 Guidelines reworked	
Coordination of centre of government institutions with regard to performance information	Concept note on performance information coordination consulted and produced	Concept note on performance information coordination produced and discussed with Office of Auditor General	
M&E learning network established and operational		Achieved	
	M&E learning network established and operational	M&E learning network established in the first quarter.Approximately 300 M&E practitioners from all spheres of government exposed to good practice	
	African M&E workshop run with 6 countries participating	Achieved African M & E workshop held with seven countries in attendance during March 2012	
PALAMA M&E curriculum revised and capacity building programme developed.	PALAMA M&E curriculum revised and capacity building programme developed in consultation with stakeholders	Achieved Seven PALAMA courses (curriculum and learning material) were reviewed and revised and an eighth course was added. Preliminary M&E Capacity Development Programme developed and implemented in consultation with stakeholders	
Technical and data support provided	The development of the MPAT system completed and all existing data sources identified	<b>Achieved</b> IT system for MPAT developed and data sources identified	

Programme 3: M&E Systems Coordination and Support				
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance	
20 year review conducted meeting time and quality standard with appropriate support including data and modelling	20 year review planned: task teams, steering committee established. Technical support in developing evaluation proposals.	<b>Partially achieved</b> Proposal for 20 year review approved by DG: Presidency.	Establishment of Steering Committee and task teams had to await approval by Cabinet of plan for 20 year review.	
	Implementation of evaluations supported	National Evaluation Policy approved.		
	Data provided for PAT and FOSAD trajectory projects supported.	Data support provided to public sector oversight branch.		
	Framework on modelling needs of DPME.	Framework of modelling needs not developed.	Framework for modelling overtaken by other priorities.	
Publication of the Development Indicators report	2011 edition of the Development Indicators produced	Development Indicators report produced.		
Results Act finalised	Position paper developed and consulted with relevant stake-holders.	<b>Achieved</b> Position paper on PME legislation finalised and discussed with DPSA and National Treasury, state law advisors and the National Planning Commission.		

Programme 3: Business Systems & ICT			
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance
ICT infrastructure implemented and fully supportive of business operations	Data Centre built	<b>Partially achieved</b> Phase I completed and Cabinets installed in basement of Union Buildings	Completion of Data Centre awaiting finalisation of detailed IT infrastructure design by SITA
	GIS and IT work area network with Data Centre	Partially Achieved Wiring completed	Network connections awaiting completion of Data Centre
	New staff members hardware configured and linked to Presidency's ICT infrastructure	<b>Achieved</b> All new staff members were connected to ICT infrastructure within the specified turnaround time	
	DPME website established	<b>Achieved</b> Website implemented	
Integrated data warehouse established	PoA database component developed	<b>Achieved</b> Database in place	
	Modification to DIRCO's Bilateral Agreements Database to accommodate M&E functionalities	<b>Partially achieved</b> Proposals submitted to DIRCO	Awaiting DIRCO decisions regarding changes to database
Business intelligence support applications set up	Integrated DPME projects dashboard	Not achieved	This project was postponed pending the completion of subsystems such as MPAT system

Programme 3: Business Systems & ICT			
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance
Monitoring and evaluation Geo-information system implemented	Spatial database developed	<b>Achieved</b> Spatial database system put in place	
	12 outcomes spatially enabled	<b>Partially achieved</b> 25 indicators were mapped	Non-availability of disaggregated data for some outcomes
Knowledge management and document management system fully established	Document Management System (DMS) developed in Share-Point	<b>Partially achieved</b> The software was procured. File structure developed and approved by National Archives Services	Hardware not yet available for deployment of DMS
M&E IT Guidelines in place	Stakeholder workshops held	Not achieved	Required capacity in DPME not yet in place.Will be done in 2012/13
	Draft M&E IT guidelines developed	Not achieved	
Progress on GIS policy development	Attend 90% of scheduled policy formulation / discussion meetings and review all draft components of policy	<b>Partially achieved</b> At least 90% of the meetings were attended. Review took longer than scheduled.	The questionnaire component of the project took longer than anticipated.
	100% review of all drafted components of policy	Not achieved	The project took longer than anticipated.
Information strategy developed and implemented	Information/data management component of information strategy developed and implemented	<b>Partially achieved</b> Draft Information Strategy completed	Required capacity in DPME not yet in place. Strategy will be approved and implemented in 2012/13
	Hardware component of strategy completed and implemented	<b>Partially achieved</b> Draft document on hardware component completed	Required capacity in DPME not yet in place. Strategy will be approved and implemented in 2012/13
	File plan completed and implemented	<b>Partially achieved</b> Plan approved by Heritage and Services Council. Implementation delayed.	Heritage and Services Council took longer than anticipated in File Plan approval.
Functional POA system in place	PoA business Intelligence Interface developed	<b>Achieved</b> PoA business intelligence interface developed and enhancements done on the system as per agreed actions	
	POA hosting environment established and new PoA commissioned	Achieved POA hosting environment established and new POA commissioned	

#### 2.4. Programme 4: Public Sector Oversight

**Purpose:** Conduct institutional performance monitoring and frontline service delivery monitoring **Objective:** To monitor the quality of management practices in departments and the quality of front line service delivery

Programme 4: Public Sector Oversight			
Strategic Objective	Performance Indicator(s)		
Institutional Performance Assessment			
Develop an institutional performance assessment tool	Functional Management Performance Assessment Tool (MPAT)		
Assessment of 45 annual performance plans for all national departments 45	Number of APP assessments		
Institutional performance assessment of national departments and pro- vincial government departments and municipalities	Number of pilot management performance assessment reports		
Management of the HOD performance assessment process	HOD performance assessment review plan		
Develop and implement a framework for monitoring of frontline service delivery (FSLD)	Develop a framework for FSD		
	Number of reports on FSD sites monitored		
Facilitate at least 3 initiatives per year to address weaknesses identified in institutional performance assessments and in frontline service delivery monitoring	Number of intervention/ improvement initiatives		
Presidential Hotline (from revised strategic plan)			
Monitoring of frontline service delivery Outputs: Presidential Hotline case resolution performance reports and Presidential Hotline performance improvement programme	<ul> <li>Number of DPME case resolution reports submitted to FOSAD Manco and to G&amp;A Cluster per annum</li> <li>Improvement plan developed and approved by Director General or top management meeting</li> <li>Technical support to the five national departments and three provinces with the highest case loads and low resolution rates (calculated as per criteria in improvement plan)</li> <li>Number of call centre operators</li> <li>National average case resolution rate (average national and provincial resolution rate)</li> </ul>		

Programme: 4: Public Administration Oversight			
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance
Functional Management Performance	Develop and pilot the tool	Achieved	
Assessment Too		Tool developed, piloted and implemented	
Number of APP assessments	45 APP assessments	<b>Partially achieved</b> 33 departments submitted APPs for assessment and all of these were assessed	Some departments did not submit APP's within Treasury planning time frame, to enable assessment. Letters were sent to all national departments reminding them to submit APP's on time in the next cycle

Programme: 4: Public Admir	nistration Oversight		
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance
Number of pilot management performance assessment reports	20 Provincial Departments	Achieved 60 provincial departments assessed	
	20 National Departments	Achieved	
		27 national departments assessed	
	Conduct research on how to assess municipalities	Achieved Preliminary work con- ducted with COGTA, KZN local government and DBSA and a report was produced	
HOD performance assessment review plan	Undertake a review of the content and process for HoD performance assessments by Dec 2011 Put in place management arrangements for the transfer of function from OPSC to DG- Presidency by March 2012	<b>Partially achieved</b> Memo completed to go to Cabinet committee and Cabinet	Consultation process took longer than envisaged. Memo submitted to Cabinet in first quarter of 2012/13
Develop Framework for Frontline Service Delivery (FSD)	Develop a framework for DPME FSD monitoring by June 2011	<b>Partially achieved</b> Draft framework completed by January 2012	
	Develop a framework for citizen- based FSD monitoring by Dec 2011	Partially achieved First research and consultations concluded August 2011 and workshop report produced	Department had not yet put in place sufficient capacity to achieve this output. This work will be completed in the 2012/13 financial year
Number of reports on FSD sites monitored	At least 2 DPME FSD monitoring reports produced per year	Achieved One Cabinet report produced and approved by G&A Cabinet Committee 29 February. Seven sector reports produced and submitted to national sector departments	
	At least 100 FSD offices monitored per year starting with 60 in 2011/12	Achieved 122 offices monitored. All findings of all 2011 visits are summarized in seven sector reports produced for DoT, Health, Education, SAPS, Justice, SASSA. And Home Affairs	

Programme: 4: Public Administration Oversight			
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance
Number of intervention / improvement initiatives	Develop delivery support framework by September 2011	<b>Partialy achieved</b> Draft framework completed by January 2012	This work was more complicated and took longer than originally envisaged
	Three support interventions facilitated, linked to FSD and management weaknesses	Partially achieved Arising from the 2011 frontline service delivery monitoring visits, two sites were identified for immediate improvement support – being SASSA Bloemfontein and Mamehlabe High School in Limpopo Province. Working with the relevant national and provincial stakeholders, intervention plans were produced and regular monitoring meetings were held to ensure that the intervention plans are being implemented	The MPAT and FSD programmes commenced in mid-2011 and the focus in the first year was on conducting the assessments to create baseline findings – in the second year of these two programmes more focus will be on improvement support

The Presidential Hotline was transferred to DPME on 01 October 2011. The indicators and targets below are from the revised strategic plan which was submitted to Parliament in March 2012.

Presidential Hotline				
Performance Indicator	Annual target 2011/2012	Actual Achievement	Reasons for variance	
Number of DPME case resolution reports submitted to FOSAD Manco and to G&A Cluster per annum	Monthly resolution reports to FOSAD Manco Once to G&A Cluster by end of the financial year	Achieved Monthly reports were submitted to FOSAD Cabinet Memo tabled 29 Feb 2012		
Improvement plan developed and approved by Director General or top management meeting	Improvement plan approved by end March 2012	Achieved Hotline Improvement Plan ap- proved by the DG on 30 March 2012		
Technical support to the five national departments and three provinces with the highest case loads and low resolution rates (calculated as per criteria in improvement plan)	Plan for technical support approved by Director General or top management meeting by end March 2012	<b>Achieved</b> Hotline Technical Support Plan approved by the DG on 30 March 2012		
Number of call centre operators	20 call centre operators (no increase in budget for 2011/12)	<b>Achieved</b> 20 call centre operators		
National average case resolution rate (average national and provincial resolution rate)	80% case resolution rate at end March 2012	<b>Achieved</b> 82% case resolution rate at March 2012

## I. Report of the Audit Committee

We are pleased to present our report for the financial year ended 31 March 2012.

## Audit Committee Members and Attendance:

The audit committee consists of the members listed hereunder and should meet four (4) times per annum as per its approved terms of reference. During the current year four meetings were held. All members were appointed by National Treasury on the 18 October 2010 as it is a joint Audit Committee with the Presidency.

Name of Member	Number of Meetings Attended
Mr. George Negota (Chairperson)	3
Mr. Stewart Patterson	4
Ms. Lorraine François	4
Mr. Cedric Boltman	4
Ms. Ntombi Langa-Royds	4
Mr. Anton Bishof	3

## Audit Committee Responsibility

The Audit Committee reports that it has complied with its responsibilities arising from section 38(1)(a) of the PFMA and Treasury Regulation 3.1.

The Audit Committee also reports that it has adopted appropriate formal terms of reference in its audit committee charter, has regulated its affairs in compliance with this charter and has discharged all its responsibilities as contained therein.

## The effectiveness of internal control

The system of internal control was not entirely effective for the year under review. During the year under review, several deficiencies in the system of internal control and/or deviations were reported by the internal auditors and the Auditor-General of South Africa.

## **Risk Management**

Risk Management is not yet fully effective in that:

- Although a strategic risk assessment took place in September 2011, an approved risk register was not available for the 2011/12 financial year. No reporting against mitigation plans took place for the year under review.
- Operational risk assessment did not take place

## The quality of in year management and monthly/quarterly reports submitted in terms of the PFMA.

The Audit Committee is satisfied with the content and quality of quarterly financial and performance reports prepared and issued by the Accounting Officer of the Department during the year under review.

## **Evaluation of Financial Statements**

The Audit Committee has:

- reviewed and discussed the audited annual financial statements to be included in the annual report, with the Auditor-General of South Africa and the Accounting Officer;
- reviewed the Auditor-General of South Africa's management report and management's response thereto;
- reviewed information on predetermined objectives to be included in the annual report;
- reviewed the department's compliance with legal and regulatory provisions;

- reviewed significant adjustments resulting from the audit, and
- interim financial statements were not submitted to the Audit Committee for review.

The Audit Committee concurs with and accepts the Auditor-General's conclusions on the annual financial statements, and is of the opinion that the audited annual financial statements should be accepted read together with the report of the Auditor-General of South Africa.

## Internal audit

The Audit Committee is satisfied that the internal audit function is operating in terms of the International Standards for the Professional Practice of Internal Auditing.

## Auditor-General of South Africa

The Audit Committee has met with the Auditor-General of South Africa to ensure that there are no unresolved issues.

Chairperson of the Audit Committee Date: 30 July 2012

## 2. Report of the Accounting Officer

#### 2.1 General review of the state of financial affairs

The Department operated under Vote I (The Presidency) until the end of the 2010/11 financial year. These are therefore the first annual financial statements produced by the DPME as a stand-alone Department.

While our work on the outcomes approach under Programmes 2 and 3 was well established at the beginning of the financial year, our role in terms of evaluations under Programme 2 and frontline service delivery monitoring and institutional performance monitoring under Programme 4 was still being refined.

The Presidential Hotline was transferred from the Presidency to the Department with effect from 01 October 2011. R4.2 million was transferred from the Presidency's budget and an additional R16.2 million was appropriated in the Adjustments Appropriations Act for the Hotline, leading to an overall increase in the Department's budget from R75.8 million to R96.2 million.

A more detailed overview of the operations of the Department is presented in our report on predetermined objectives in Part B of the annual report.

#### Spending trends

As indicated in the Appropriation Statement, total expenditure for the financial year amounted to R92.8 million, resulting in a saving of R3.4 million (3.5% of final appropriation). Savings on compensation of employees and goods and services before shifts and virement amounted to R3.4 million (6.1%) and R2.4 million (7.1%) respectively while expenditure on capital assets exceeded the budget before shifts and virement by R2.7 million (87.3%).

Savings on compensation of employees can be attributed in delays in the filling of vacant funded posts.

Total virement approved by the CFO amounted to R0.5 million from Programme 1, R1.6 million from Programme 2, R0.7 million to Programme 3 and R1.4 million to Programme 4. The purpose of the virement was to utilise savings under Programmes I and 2 for expenditure on the Department's ICT system under Programme 3 and for the development of the Management Performance Assessment Tool (MPAT) and Frontline Service Deliver (FSD) software applications and payments for services delivered to the Presidential Hotline under Programme 4.

Savings after shifts and virement can be attributed to compensation of employees (R1.3 million) as well as delays in delivery of computer equipment (R 1.3 million under Programme 3) and completion of the MPAT and FSD software applications projects (R0.5 million under Programme 4). Further details are available in note 4.1 under notes to the appropriation statement.

### Fruitless and wasteful expenditure

Fruitless and wasteful expenditure to the amount of R5,885.66 was identified. R1,575.72 was condoned while R1,829.02 was recovered from officials concerned and R2,482.92 is still under investigation. See note 20 of disclosure notes to the annual financial statements.

#### Irregular expenditure

The Department incurred R408,000 in irregular expenditure on finance leases, condoned through Treasury Practice Note 5 of 2006/7. A further R1 million in possible irregular expenditure is still under investigation. See note 19 under disclosure notes to the annual financial statements.

## 2.2 Service rendered by the Department

DPME is not a service delivery Department and does not render any services in the public domain on a recoverable basis. Revenue disclosed in the financial statements is derived from the following:

- Staff parking
- Transportation of employees to and from work
- Administrative revenue

For more details on Departmental revenue, please refer to note 2 under notes to the financial statements.

## 2.3 Capacity constraints

## Information and Communication Technology (ICT)

The Department is currently supported by The Presidency's ICT system. This presents a significant operational risk to the Department as The Presidency's ICT systems were not designed to provide the functionality required by the Department. We have started the development of our own ICT systems and will complete this project during the 2012/13 financial year.

## Supply Chain Management (SCM)

The initial focus of the SCM unit was to put in place systems, policies and procedures to support the SCM function of the Department. Matters raised by the Auditor-General of South Africa related to SCM can be attributed to insufficient capacity during the first six months of operations as well as ineffective controls and procedures. Capacity constraints have since been addressed and internal controls and procedures have been improved to ensure compliance and an effective and efficient SCM system in the Department.

### 2.4 Utilisation of donor funds

Local and foreign assistance received in kind during the reporting period amounted to R6.9 million (see annex I). These amounts are not disclosed on the face of the Annual Financial Statements as donors paid the respective service providers directly without channelling the funds through DPME.

## 2.5 Trading entities and public entities

The Department does not have any trading or public entities.

#### 2.6 Organisations to whom transfer payments have been made

No transfer payments were made for the period under review.

## 2.7 Public private partnerships (PPP)

The Department did not enter into any PPP contracts for the period under review. It does however participate in the Public Private Partnership Vehicle Fleet Contract (RTG718) between the Department of Transport and Phakisaworld Fleet Solutions. Expenses related to one vehicle leased through this contract as well as short term vehicle rentals are disclosed under note 23 to the annual financial statements.

## 2.8 Corporate governance arrangements Internal Audit Function

The Head of Internal Audit has been appointed, reporting directly to the Accounting Officer. Given the small size of the Department it was more cost effective to partially outsource the internal audit function (IAF) to an external service provider. The risk management function also resorted with the Internal Audit unit.

Internal Audit provides objective and independent assurance to management and the Audit Committee on the adequacy and effectiveness of internal controls and governance processes within the Department. In pursuing this activity the IAF is guided by a fully functional Audit Committee which operates in terms of an approved Audit Charter. A three-year rolling audit plan has been approved and is being coordinated by the Internal Audit Unit. The Department will appoint a new service provider in 2012 to implement the audit plan.

Both the Auditor-General of South Africa and Audit Committee expressed concerns that the risk management function resorted with the Internal Audit Unit. The risk management function will therefore be transferred to a newly created post in the 2012/13 financial year.

## Audit Committee

The Department has an Audit Committee appointed in terms of the Public Finance Management Act, which it shares with The Presidency. Members discharge their functions in accordance with the PFMA, Treasury Regulations and the Audit Committee Charter.

#### **Risk Management**

The management of risk in the Department forms an integral part of effective corporate governance. The Department completed its first strategic risk assessment during the past financial year and will fully implement its risk management, fraud prevention and compliance framework during the 2012/13 financial year. During 2011 the Department approved a fraud prevention strategy and policy and adopted a code of ethics and conduct as a first step in the implementation of its fraud and corruption prevention strategy.

#### **Policy review and operational controls**

The majority of the Department's policies were developed and adopted during 2011. Most policies were reviewed during the beginning of 2012 to effect amendments required to improve the effectiveness and efficiency of operations and address shortcomings highlighted in audit findings.

#### General

The Departmental Line Management Committee and Administrative Management Committee met regularly. An Executive Management Committee was introduced in 2012. A Loss Control Committee was established and considered matters related to losses of assets as well as fruitless and wasteful expenditure.

## 2.9 Discontinued activities/activities to be discontinued

None

## 2.10 New/proposed activities

The Presidential Hotline was transferred from The Presidency to the Department on 01 October 2011. Discussions between the Department, DPSA and the Public Service Commission on the Department's future role in the assessment of Heads of Department are on-going.

#### 2.11 Asset management

In terms of Sub-section 38(1) (b) of the Public Finance Management Act (1 of 1999) as amended, the Accounting Officer for the Department is responsible for the effective, efficient, economical and transparent use of the resources of the Department.

The establishment of a separate vote for the Department necessitated a transfer of assets from The Presidency to the DPME in terms of section 42 of the PFMA. This process was completed in July 2011. Assets related to the transfer of the Presidential Hotline function from The Presidency to the DPME was completed towards the end of the financial year.

All the assets of the Department have been captured in the asset register of the Department. An asset management policy has been developed and approved to ensure that all departmental assets are properly tagged, verified and accounted for and that any lost or redundant assets are identified on a timely basis.

Weaknesses in asset management procedures identified through the internal audit process as well as by the Auditor-General of South Africa have been addressed through amendments to the assets management policy and related procedures. Regular assets verification as well as monthly reconciliations are being conducted to ensure accurate assets records and financial reports.

Challenges experienced in the reconciliation between the Department's assets register (3rd party software) and accounting system (BAS) will be addressed in the 2012/13 financial year.

## 2.12 Inventories

All inventory opening and closing balances are reflected in Annexure 4 to the annual financial statements.

#### 2.13 Events after the reporting date

None

#### 2.14 Information on predetermined objectives

Our report on predetermined objectives is dealt with under Part B of this report. Departmental management have been actively involved in the compilation of quarterly reports on progress against targets set in the Department's Annual Performance Plan.

## 2.15 SCOPA resolutions

There were no SCOPA resolutions for the period under review.

#### 2.16 Prior modifications to audit reports

The Auditor-General of South Africa raised a number matters of significance related to SCM in the Department's interim management report. These matters have been addressed through amendments to policies and the improvement of operating procedures.

#### 2.17 Exemptions and deviations received from the National Treasury

There were no exemptions and deviations received for the period under review.

## 2.18 Interim Financial Statements

The Department submitted quarterly interim financial statements to National treasury within one month after the end of each quarter.

## 2.19 Acknowledgements

I would like to express my sincerest appreciation to management and staff for their commitment and dedication throughout the year. The Finance, Supply Chain and Human Resources units deserve a special mention for their hard work in ensuring a successful transfer from the Presidency and for building the administrative foundations of the Department.

## 2.20 Approval

The Annual Financial Statements set out on pages 47 to 91 have been approved by the Accounting Officer.

Stillips

Dr. Sean Phillips Director-General, Department of Performance Monitoring and Evaluation Date: 30 May 2012

## 3. Report of the Auditor-General

## REPORT OF THE AUDITOR-GENERAL OF SOUTH AFRICA TO PARLIAMENT ON VOTE NO. 6: DEPARTMENT OF PERFORMANCE MONITORING AND EVALUATION

## **REPORT ON THE FINANCIAL STATEMENTS**

## Introduction

I. I have audited the financial statements of the Department of Performance Monitoring and Evaluation set out on pages 47 to 89, which comprise the appropriation statement, the statement of financial position as at 31 March 2012, the statement of financial performance, statement of changes in net assets and the cash flow statement for the year then ended, the notes, comprising a summary of significant accounting policies and other explanatory information.

## Accounting Officer's responsibility for the financial statements

2. The accounting officer is responsible for the preparation of these financial statements in accordance with the Departmental financial reporting framework prescribed by the National Treasury and the requirements of the Public Finance Management Act of South Africa, 1999 (Act No. 1 of 1999) (PFMA), and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor-General's responsibility

- 3. My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA), the *General Notice* issued in terms thereof and International Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
- 4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
- 5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### Opinion

6. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Department of Performance Monitoring and Evaluation as at 31 March 2012, and its financial performance and cash flows for the year then ended in accordance with the Departmental Financial Reporting Framework prescribed by the National Treasury and the requirements of the PFMA.

#### **Additional matter**

7. I draw attention to the matters below. My opinion is not modified in respect of these matters.

## **Financial reporting framework**

8. The financial reporting framework prescribed by the National Treasury and applied by the department is a compliance framework. The wording of my opinion on a compliance framework should reflect that the financial statements have been prepared in accordance with this framework. Section 20(2) (a) of the PAA, however, requires me to express an opinion on the fair presentation of the financial statements. The wording of my opinion therefore reflects this requirement.

#### Unaudited supplementary schedules

9. The supplementary information set out on pages 90 to 91 does not form part of the financial statements and is presented as additional information. I have not audited these schedule and, accordingly, I do not express an opinion thereon.

## **REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS**

10. In accordance with the PAA and the *General Notice* issued in terms thereof, I report the following findings relevant to performance against predetermined objectives, compliance with laws and regulations and internal control, but not for the purpose of expressing an opinion.

## **Predetermined objectives**

- I performed procedures to obtain evidence about the usefulness and reliability of the information in the report on predetermined objectives of the Department of Performance Monitoring and Evaluation for the year ended
  March 2012 as set out on pages 17 to 33 of the annual report.
- 12. The reported performance against predetermined objectives was evaluated against the overall criteria of usefulness and reliability. The usefulness of information in the annual performance report relates to whether it is presented in accordance with the National Treasury annual reporting principles and whether the reported performance is consistent with the planned objectives. The usefulness of information further relates to whether indicators and targets are measurable and relevant as required by the National Treasury *Framework for managing programme performance information* (FMPPI). The reliability of the information in respect of the selected programmes is assessed to determine whether it adequately reflects the facts.
- 13. The material findings are as follows concerning the usefulness and reliability of the information.

## Performance targets not time bound

14. The National Treasury FMPPI requires that the time period or deadline for delivery be specified. A total of 45% of the targets relevant to Programme 2: Outcomes Monitoring and Evaluation and Programme 4: Public Sector Administration Oversight were not time bound in specifying a time period or deadline for delivery. This was mainly due to the fact that targets were not suitably developed during the strategic planning process.

### **Additional matter**

15. I draw attention to the following matter below. This matter does not have an impact on the predetermined objectives audit findings reported above.

## Achievement of planned targets

16. Of the total number of 75 planned targets, only 46 targets were achieved during the year under review. This represents 39% of total planned targets that were not achieved during the year under review. This was mainly due to the fact that indicators and targets were not suitably developed during the strategic planning process.

## **Compliance with laws and regulations**

17. I performed procedures to obtain evidence that the department has complied with applicable laws and regulations regarding financial matters, financial management and other related matters. My findings on material non-compliance with specific matters in key applicable laws and regulations as set out in the *General Notice* issued in terms of the PAA are as follows:

#### Annual financial statements, performance and annual reports

18. The financial statements submitted for auditing were not prepared in all material respects in accordance with the requirements of section 40(1) (b) of the PFMA. Material misstatements of disclosure items identified by the auditors were subsequently corrected, resulting in the financial statements receiving an unqualified audit opinion.

#### **Expenditure management**

19. The accounting officer did not take reasonable steps to prevent irregular expenditure, as required by section 38(1)(c)(ii) of the PFMA and Treasury Regulation 9.1.1.

## **Human Resource Management**

20. Persons in charge at pay points did not always certify that the employees receiving payment were entitled thereto as required by Treasury Regulations 8.3.4.

#### **Internal control**

21. I considered internal control relevant to my audit of the financial statements report on predetermined objectives of the Department of Performance Monitoring and Evaluation for the year ended 31 March 2012 and compliance with laws and regulations. The matters reported below under the fundamentals of internal control are limited to the significant deficiencies that resulted in the findings on the report on predetermined objectives of the Department of Performance Monitoring and Evaluation for the year ended 31 March 2012 and the findings on compliance with laws and regulations included in this report.

#### Leadership

22. The leadership did not exercise adequate oversight responsibility regarding financial and predetermined objective reporting and compliance with laws and regulations.

#### **Financial and performance management**

23. Inadequate monitoring by supervisors resulted in material misstatements in the financial statements, report on predetermined objectives and non-compliance with laws and regulations.

## **10. Statement of Accounting Polices and Related matters**

The Financial Statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. However, where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the Financial Statements and to comply with the statutory requirements of the Public Finance Management Act, Act 1 of 1999 (as amended by Act 29 of 1999), and the Treasury Regulations issued in terms of the Act and the Division of Revenue Act, Act 1 of 2010.

## I. Presentation of the Financial Statements

## I.I Basis of preparation

The Financial Statements have been prepared on a modified cash basis of accounting, except where stated otherwise. The modified cash basis constitutes the cash basis of accounting supplemented with additional disclosure items. Under the cash basis of accounting transactions and other events are recognised when cash is received or paid.

## I.2 Presentation currency

All amounts have been presented in the currency of the South African Rand (R) which is also the functional currency of the department.

## I.3 Rounding

Unless otherwise stated all financial figures have been rounded to the nearest one thousand Rand (R'000).

## I.4 Comparative figures

Prior period comparative information has been presented in the current year's financial statements. Where necessary figures included in the prior period financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's financial statements.

## **I.5** Comparative figures - Appropriation Statement

A comparison between actual amounts and final appropriation per major classification of expenditure is included in the Appropriation Statement.

## 2. Revenue

## 2.I Appropriated funds

Appropriated funds comprises of departmental allocations as well as direct charges against revenue fund (i.e. statutory appropriation).

Appropriated funds are recognised in the financial records on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the financial records on the date the adjustments become effective.

Unexpended appropriated funds are surrendered to the National/Provincial Revenue Fund. Any amounts owing to the National/Provincial Revenue Fund at the end of the financial year are recognised as payable in the statement of financial position.

Any amount due from the National/Provincial Revenue Fund at the end of the financial year is recognised as a receivable in the statement of financial position.

#### 2.2 Departmental revenue

All departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the National/Provincial Revenue Fund, unless stated otherwise.

Any amount owing to the National/Provincial Revenue Fund at the end if the financial year is recognised as a payable in the statement of financial position.

No accrual is made for amounts receivable from the last receipt date to the end of the reporting period. These amounts are however disclosed in the disclosure notes to the annual financial statements.

#### 2.3 Direct Exchequer receipts

All direct exchequer receipts are recognised in the statement of financial performance when the cash is received and is subsequently paid into the National/Provincial Revenue Fund, unless stated otherwise.

Any amount owing to the National/Provincial Revenue Funds at the end of the financial year is recognised as a payable in the statement of financial position.

## 2.4 Direct Exchequer payments

All direct exchequer payments are recognised in the statement of financial performance when final authorisation for payment is effected on the system (by no later than 31 March of each year).

## 2.5 Aid assistance

Aids assistance is recognised as revenue when received.

All in-kind aid assistance is disclosed at fair value on the date of receipt in the annexures to the Annual Financial Statements. The cash payments made during the year relating to aid assistance projects are recognised as expenditure in the statement of financial performance when final authorisation for payments is effected on the system (by no later than 31 March of each year).

The value of the assistance expensed prior to the receipt of funds is recognised as a receivable in the statement of financial position.

Inappropriately expensed amounts using aid assistance and any unutilised amounts are recognised as payables in the statement of financial position.

All CARA funds received must be recorded as revenue when funds are received. The cash payments made during the year relating to CARA earmarked projects are recognised as expenditure in the statement of financial performance when final authorisation for payments effected on the system (by no later then 31 March of each year).

Inappropriately expensed amounts using CARA funds are recognised as payables in the statement of financial position. Any unutilised amounts are transferred to retained funds as they are not surrendered to the revenue fund.

#### 3. Expenditure

## 3.1 Compensation of employees

## 3.1.1 Salaries and wages

Salaries and wages are expensed in the statement of financial performance when the final authorisation for payment is effected on the system (by no later than 31 March of each year).

Other employee benefits that give rise to a present legal or constructive obligation are disclosed in the disclosure notes to the financial statements at its face value and are not recognised in the statement of financial performance or position.

Employee costs are capitalised to the cost of a capital project when an employee spends more than 50% of his/her time on the project. These payments form part of expenditure for capital assets in the statement of financial performance.

## 3.1.2 Social contributions

Employer contributions to post employment benefit plans in respect of current employees are expensed in the statement of financial performance when the final authorisation for payment is effected on the system (by no later than 31 March of each year).

No provision is made for retirement benefits in the financial statements of the department. Any potential liabilities are disclosed in the financial statements of the National Revenue Fund and not in the financial statements of the employer department.

Employer contributions made by the department for certain of its ex-employees (such as medical benefits) are classified as transfers to households in the statement of financial performance.

## **3.2 Goods and services**

Payments made during the year for goods and/or services are recognised as an expense in the statement of financial performance when the final authorisation for payment is effected on the system (by no later than 31 March of each year). The expense is classified as capital if the goods and/or services were acquired for a capital project or if the total purchase price exceeds the capitalisation threshold (currently R5,000). All other expenditures are classified as current. Rental paid for the use of buildings or other fixed structures is classified as goods and services and not as rent on land.

## 3.3 Interest and rent on land

Interest and rental payments are recognised as an expense in the statement of financial performance when the final authorisation for payment is effected on the system (by no later than 31 March of each year). This item excludes rental for the use of buildings or other fixed structures. If it is not possible to distinguish between payment for the use of land and the fixed structures on it, the whole amount should be recorded under goods and services.

## 3.4 **Payments for financial assets**

Debts are written off when identified as irrecoverable. Debts written-off are limited to the amount of savings and/or under spending of appropriated funds. The write off occurs at year-end or when funds are available. No provision is made for irrecoverable amounts but an estimate is included in the disclosure notes to the financial statements amounts. All other losses are recognised when authorisation has been granted for the recognition thereof.

## 3.5 Transfers and subsidies

Transfers and subsidies are recognised as an expense when the final authorisation for payment is effected on the system (by no later than 31 March of each year).

## 3.6 Unauthorised expenditure

When confirmed unauthorised expenditure is recognised as an asset in the statement of financial position until such time as the expenditure is either approved by the relevant authority, recovered from the responsible person or written off as irrecoverable in the statement of financial performance.

Unauthorised expenditure approved with funding is derecognised from the statement of financial position when the unauthorised expenditure is approved and the related funds are received.

Where the amount is approved without funding it is recognised as expenditure in the statement of financial performance on the date of approval.

#### 3.7 Fruitless and wasteful expenditure

Fruitless and wasteful expenditure is recognised as expenditure in the statement of financial performance according to the nature of the payment and not as a separate line item on the face of the statement. If the expenditure is recoverable it is treated as an asset until it is recovered from the responsible person or written off as irrecoverable in the statement of financial performance.

#### 3.8 Irregular expenditure

Irregular expenditure is recognised as expenditure in the statement of financial performance. If the expenditure is not condoned by the relevant authority it is treated as an asset until it is recovered or written off as irrecoverable.

## 4. Assets

## 4.I Cash and cash equivalents

Cash and cash equivalents are carried in the statement of financial position at cost. Bank overdrafts are shown separately on the face of the statement of financial position. For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.

## 4.2 Other financial assets

Other financial assets are carried in the statement of financial position at cost.

### 4.3 **Prepayments and advances**

Amounts prepaid or advanced are recognised in the statement of financial position when the payments are made and are derecognised as and when the goods/services are received or the funds are utilised. Prepayments and advances outstanding at the end of the year are carried in the statement of financial position at cost.

### 4.4 Receivables

Receivables included in the statement of financial position arise from cash payments made that are recoverable from another party (including departmental employees) and are derecognised upon recovery or write-off. Receivables outstanding at year-end are carried in the statement of financial position at cost plus any accrued interest. Amounts that are potentially irrecoverable are included in the disclosure notes.

## 4.5 Investments

Capitalised investments are shown at cost in the statement of financial position. Investments are tested for an impairment loss whenever events or changes in circumstances indicate that the investment may be impaired. Any impairment loss is included in the disclosure notes.

## 4.6 Loans

Loans are recognised in the statement of financial position when the cash is paid to the beneficiary. Loans that are outstanding at year-end are carried in the statement of financial position at cost plus accrued interest. Amounts that are potentially irrecoverable are included in the disclosure notes.

### 4.7 Inventory

Inventories that qualify for recognition must be initially reflected at cost. Where inventories are acquired at no cost, or for nominal consideration, their cost shall be their fair value at the date of acquisition. All inventory items at year-end are reflected using the weighted average cost or FIFO cost formula.

#### 4.8 Capital assets

### 4.8.1 Movable assets

## Initial recognition

A capital asset is recorded in the asset register on receipt of the item at cost. Cost of an asset is defined as the total cost of acquisition. Where the cost cannot be determined accurately, the movable capital asset is stated at fair value. Where fair value cannot be determined, the capital asset is included in the asset register at R1.All assets acquired prior to 1 April 2002 are included in the register R1.

#### **Subsequent recognition**

Subsequent expenditure of a capital nature is recorded in the statement of financial performance as "expenditure for capital assets" and is capitalised in the asset register of the department on completion of the project. Repairs and maintenance is expensed as current "goods and services" in the statement of financial performance.

## 4.8.2 Immovable assets

#### Initial recognition

A capital asset is recorded on receipt of the item at cost. Cost of an asset is defined as the total cost of acquisition. Where the cost cannot be determined accurately, the immovable capital asset is stated at RI unless the fair value for the asset has been reliably estimated.

## **Subsequent recognition**

Work-in-progress of a capital nature is recorded in the statement of financial performance as "expenditure for capital assets". On completion, the total cost of the project is included in the asset register of the department that is accountable for the asset. Repairs and maintenance is expensed as current "goods and services" in the statement of financial performance.

### 4.8.3 Intangible assets

## **Initial recognition**

An intangible asset is recorded in the asset register on receipt of the item at cost. Cost of an intangible asset is defined as the total cost of acquisition. Where the cost cannot be determined accurately, the intangible asset is stated at fair value. Where fair value cannot be determined, the intangible asset is included in the asset register at R1. All intangible assets acquired prior to 1 April 2002 can be included in the asset register at R1.\*

### Subsequent expenditure

Subsequent expenditure of a capital nature is recorded in the statement of financial performance as "expenditure for capital asset" and is capitalised in the asset register of the department. Maintenance is expensed as current "goods and services" in the statement of financial performance.

#### 5. Liabilities

## 5.I Payables

Recognised payables mainly comprise of amounts owing to other governmental entities. These payables are carried at cost in the statement of financial position.

#### 5.2 Contingent liabilities

Contingent liabilities are included in the disclosure notes to the financial statements when it is possible that economic benefits will flow from the department, or when an outflow of economic benefits or service potential is probable but cannot be measured reliably.

#### 5.3 Contingent assets

Contingent assets are included in the disclosure notes to the financial statements when it is probable that an inflow of economic benefits will flow to the entity.

## 5.4 Commitments

Commitments are not recognised in the statement of financial position as a liability or as expenditure in the statement of financial performance but are included in the disclosure notes.

## 5.5 Accruals

Accruals are not recognised in the statement of financial position as a liability or as expenditure in the statement of financial performance but are included in the disclosure notes.

## 5.6 Employee benefits

Short-term employee benefits that give rise to a present legal or constructive obligation are disclosed in the disclosure notes to the financial statements. These amounts are not recognised in the statement of financial performance or the statement of financial position.

## 5.7 Lease commitments

#### **Finance lease**

Finance leases are not recognised as assets and liabilities in the statement of financial position. Finance lease payments are recognised as an expense in the statement of financial performance and are apportioned between the capital and interest portions. The finance lease liability is disclosed in the disclosure notes to the financial statements.

#### **Operating lease**

Operating lease payments are recognised as an expense in the statement of financial performance. The operating lease commitments are disclosed in the discloser notes to the financial statement.

#### 5.8 Impairment

The department tests for impairment where there is an indication that a receivable, loan or investment may be impaired. An assessment of whether there is an indication of possible impairment is done at each reporting date. An estimate is made for doubtful loans and receivables based on a review of all outstanding amounts at year-end. Impairments on investments are calculated as being the difference between the carrying amount and the present value of the expected future cash flows / service potential flowing from the instrument.

### 5.9 **Provisions**

Provisions are disclosed when there is a present legal or constructive obligation to forfeit economic benefits as a result of events in the past and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made.

## 6. Receivables for departmental revenue

Receivables for departmental revenue are disclosed in the disclosure notes to the annual financial statements.

## 7. Net Assets

## 7.1 Capitalisation reserve

The capitalisation reserve comprises of financial assets and/or liabilities originating in a prior reporting period but which are recognised in the statement of financial position for the first time in the current reporting period. Amounts are recognised in the capitalisation reserves when identified in the current period and are transferred to the National/Provincial Revenue Fund when the underlying asset is disposed and the related funds are received.

## 7.2 Recoverable revenue

Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are either transferred to the National/Provincial Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.

#### 8. Related party transactions

Specific information with regards to related party transactions is included in the disclosure notes.

#### 9. Key management personnel

Compensation paid to key management personnel including their family members where relevant, is included in the disclosure notes.

## 10. Public private partnerships

A description of the PPP arrangement, the contract fees and current and capital expenditure relating to the PPP arrangement is included in the disclosure notes.

## II. Notes to the Annual Financial Statements

## I. Annual Appropriation

## I.I Annual Appropriation

Included are funds appropriated in terms of the Appropriation Act and the Adjustments Appropriation Act:

Total		448	

**Note:** The Department participates in the Public Private Partnership Vehicle Fleet Contract (RTG718) between the Department of Transport and Phakisaworld Fleet Solutions. This agreement is a full maintenance lease contract regulated by National treasury PPP and supply chain management regulations. The Department leases long-term, short-term, and chauffeur driven and point-to-point driven services. The original contract expired in November 2011 and was extended by the Department of Transport to November 2013. All expenditure relating to this PPP is recognised in the statement of financial performance.

#### I. Service delivery

The Department did not have a Service Delivery Improvement Plan (SDIP) in place during the year under review and therefore is not able to report on this item. This is because the Department was still new and in the process of establishment. However, the SDIP was developed during the course of the 2011/12 financial year and approved for implementation from 01 April 2012.

#### 2. Expenditure

Departments budget in terms of clearly defined programmes. The following tables summarise final audited expenditure by programme (Table 2.1) and by salary bands (Table 2.2). In particular, it provides an indication of the amount spent on personnel costs in terms of each of the programmes or salary bands within the department.

#### Table 2.1 – Personnel costs by programme, 2011/12

Programme	Total Expenditure (R'000)	Personnel Expenditure (R'000)	Training Expenditure (R'000)	Professional and Special Services (R'000)	Personnel cost as a percentage of total expenditure	Average personnel cost per employee (R'000)
Administration	21,370	12,527	61	116	58.6%	285
Outcomes Monitoring & Evaluation	22,560	18,226	238	-	80.8%	651
M&E Systems Coordination and Support	21,118	12,585	44	-	59.6%	434
Public Sector Oversight	27,793	8,335	160	-	30.0%	232
Total	92,841	51,673	503	116	55.7%	377

#### Table 2.2 - Personnel costs by salary bands, 2011/12

Salary bands	Personnel Expenditure (R'000)	% of total personnel cost	Average personnel cost per employee (R'000)
Lower skilled (Levels 1-2)	299	0.6%	75
Skilled (Levels 3-5)	١,032	2.0%	94

Annual Report 2011/12

#### 3. Employment and vacancies

The following tables summarise the number of posts on the establishment, the number of employees, the vacancy rate, and whether there are any staff that are additional to the establishment. This information is presented in terms of three key variables: programme (Table 3.1), salary band (Table 3.2) and critical occupations (Table 3.3). Departments have identified critical occupations that need to be monitored. Table 3.3 provides establishment and vacancy information for the key critical occupations of the department.

The vacancy rate reflects the percentage of posts that are not filled.

#### Table 3.1 – Employment and vacancies by programme, 31 March 2012

Programme	Number of approved posts	Number of posts filled	Vacancy Rate	Number of posts filled additional to the establishment
Administration	55	44	20%	0
Outcomes Monitoring & Evaluation	41	28	32%	
Data Systems	43	29	33%	I
Public Sector Admin Oversight	56	36	36%	0
Total	195	137	30%	2

Note: The reason for the high vacancy rates is that the Department obtained approval from the Minister of Public Service and Administration for an increased structure in October 2011, and the Department was therefore only able to start the recruitment process for the new posts in November 2011. In addition, the Department only had funding for 141 posts in the 2011/12 financial year, and therefore the filling of some posts was delayed until the start of the 2012/2013 financial year.

#### Table 3.2 – Employment and vacancies by salary bands, 31 March 2012

Salary band	Number of posts	Number of posts filled	Vacancy Rate	Number of posts filled additional to the establishment
Lower skilled (Levels 1-2)	3	2	33%	0
Skilled (Levels 3-5)	11		0%	0
Highly skilled production (Levels 6-8)	41	29	29%	0
Highly skilled supervision (Levels 9-12)	95	63	35%	0
Senior management (Levels 13-16)	45	32	29%	2
Total	195	137	30%	2

#### Table 3.3 – Employment and vacancies by critical occupation, 31 March 2012

Critical occupations	Number of posts	Number of posts filled	Vacancy Rate	Number of posts filled additional to the establishment
Top Management	4	2	50%	0
Specialists	13	11	15%	I
Snr Managers: Corporate Services	3	3	0%	0
Total	20	16	20%	0

#### 4. Job evaluation

#### Table 4.1 – Job Evaluation, 01 April 2011 to 31 March 2012

Salary band	Number of	Number of	% of posts	Posts	Upgraded	Posts do	owngraded
	posts	Jobs Evaluated	evaluated by salary bands	Number	% of posts evaluated	Number	% of posts evaluated
Lower skilled (Levels I-2)	3	0	0%	0	0%	0	0%
Skilled (Levels 3-5)	11	2	18%	0	0%	0	0%
Highly skilled production (Levels 6-8)	41	4	10%	0	0%	0	0%
Highly skilled supervision (Levels 9-12)	95	21	22%	0	0%	0	0%
Senior Management Service Band A	24	10	42%	0	0%	0	0%
Senior Management Service Band B	4	4	100%	0	0%	0	0%
Senior Management Service Band C	16	3	19%	0	0%	0	0%
Senior Management Service Band D	I	0	0%	0	0%	0	0%
Total	195	44	23%	0	0%	0	0%

**Note:** As a result of the approval of the expanded structure, newly created posts were job evaluated in line with Part III (F) of the Public Service Regulations. All other posts were job evaluated prior to the reporting period.

Table 4.2 – Profile of employees whose salary positions were upgraded due to their posts being upgraded, 01 April 2011 to 31 March 2012

Beneficiaries	African	Asian	Coloured	White	Total
Female	0	0	0	0	0
Male	0	0	0	0	0
Total	0	0	0	0	0
Employees with a disability	0	0	0	0	0

Note: No employees were upgraded as a result of job evaluation during the financial year

## Table 4.3- Employees whose salary level exceed the grade determined by job evaluation, 01 April 2011 to 31 March 2012 (in terms of PSR 1.V.C .3)

Occupation	Number of employees	Job evaluation level	Remuneration on level	Reason for deviation
	0	0	0	0
	0	0	0	0
Total Number of Employees whose salaries exceeded the leve	el determined by job ev	aluation in 2011/12		0
Percentage of total employment				0

**Note:** There were no employees whose salary level exceeded the grade determined by job evaluation.

## Table 4.4 – Profile of employees whose salary level exceed the grade determined by job evaluation, 01 April 2011 to 31 March 2012 (in terms of PSR 1.V.C.3) :

None - Not applicable

#### 5. Employment changes

Table 5.1 – Annual turnover rates by salary band for the period 01 April 2011 to 31 March 2012

Salary Band	Number of employees per band as on I April 2011	Appointments and transfers into the department	Terminations and transfers out of the department	Turnover rate
Lower skilled (Levels 1-2)	0	2	0	0%
Skilled (Levels 3-5)	4	10	I	25%

Dismissal – operational changes	0	0%
Dismissal – misconduct	0	0%
Dismissal – inefficiency	0	0%
Discharged due to ill-health	0	0%
Retirement	0	0%
Transfers to other Public Service Departments	4	57%
Other	0	0%
Total	7	
Total number of employees who left as a % of the total employment		10%

## Table 5.3 – Reasons why staff are leaving the department Table 5.4 – Promotions by critical occupation

### Table 5.4 – Promotions by critical occupation

Occupation	Employees as at I April 2011	Promotions to another salary level	Salary level promotions as a % of employees by occupation	Progressions to another notch within a salary level	Notch progression as a % of employees by occupation
Top Management	2	0	0%	0	0%
Specialists	12	0	0%	0	0%
Senior Managers: Corporate Services	2	0	0%	2	100%
Total	16	0	0%	2	13%

#### Table 5.5 – Promotions by salary band

Salary Band	Employees as I April 2011	Promotions to another salary level	Salary bands promotions as a % of employees by salary level	Progressions to another notch within a salary level	Notch progressions as a % of employees by salary band
Lower skilled (Levels 1-2)	0	0	0%	0	0%
Skilled (Levels 3-5)	4	2	50%	0	0%
Highly skilled production (Levels 6-8)	16	4	25%	4	25%
Highly skilled supervision (Levels 9-12)	30	2	7%	6	20%
Senior management (Levels 13-16)	21	I	5%	6	29%
Total	71	9	13%	16	23%

**Note:** Promotions include both salary band and notch progressions. Progressions to another notch within a salary level were made in line with the Performance Management and Development System as well as Public Service Regulation 1.V.C.3.

#### 6. Employment equity

The tables in this section are based on the formats prescribed by the Employment Equity Act, 55 of 1998.

Table 6.1 – Total number of employees (including employees with disabilities) in each of the following
occupational categories as on 31 March 2012

Occupational		Mal	e			Fen	nale		Total
categories (SASCO)	African	Coloured	Indian	White	African	Coloured	Indian	White	
Legislators, senior officials and managers		0	5	5	6	I	I	3	32
Professionals	5	2	0	0	17	0	Ι	4	29

#### I3. Injury on duty

The following tables provide basic information on injury on duty.

### Table 13.1 - Injury on duty, 01 April 2011 to 31 March 2012

Nature of injury on duty	Number	% of total
Required basic medical attention only	2	100%
Temporary Total Disablement	0	0%
Permanent Disablement	0	0%
Fatal	0	0%
Total	2	100%

#### 14. Utilisation of consultants

#### Table 14.1 - Report on consultant appointments using appropriated funds

Project Title	Total number of consultants that worked on the project	Duration: Work days	Contract value in Rand
Internal Audit Service	9	145	969,000.00
Development of Programme of Action application	2	120	524,170.00
Development of Management Performance Assessment application	6	150	480,510.00
Development of Frontline Service Deliver application	5	120	438,992.00
Strategic support to Hotline (TAU – National Treasury)	2	60	166,635.25
Roll-out of Management Performance Assessment Tool (TAU – National Treasury)	2	60	250,000.00
Early Childhood Development evaluation (HSRC)	10	100	650,000.00
Enhancements to the Programme of Action application		150	375,702.00
Monitoring and Evaluation IT guidelines	6	90	495,000.00
Total number of projects	Total individual consultants	Total duration: Work days	Total contract value in Rand
	43	995	4,350,009.25

## Table 14.2 – Analysis of consultant appointments using appropriated funds, in terms of Historically Disadvantaged Individuals (HDIs)

Project Title	Percentage ownership by HDI groups	Percentage management by HDI groups	Number of Consultants from HDI groups that work on the project
Internal Audit Service	B-BEEE level 2		8
Development of Programme of Action application	100%	100%	0
Development of Management Performance Assessment application	18%	23%	I
Development of Frontline Service Deliver application	0%	0%	2
Enhancements to the Programme of Action application	0%	0%	0
Monitoring and Evaluation IT guidelines	B-BEEE level 2		3

**Note:** The Department has HDI status information for contracts larger than R30,000 up to 7 December 2011 when the revised PPPFA regulations came into effect and HDI status was replaced by B-BEEE status level contribution. Contracts to government departments / entities are excluded from the table above.

#### Table 14.3 - Report on consultant appointments using donor funds

The Department received no direct donor funding for the 2011/12 financial year.

### Table 14.4 – Analysis of consultant appointments using Donor funds, in terms of Historically Disadvantaged Individuals (HDIs)

The Department received no direct donor funding for the 2011/12 financial year.
